inovonics ®

The Inovonics billtrap transmitter features the same profile and ruggedness of a hard-wire billtrap, providing the flexibility necessary in any financial or retail environment.

Product Features

Two alarm transmission modes, two and ten-second delay, to reduce false alarms

Wireless design provides ease of installation and drawer removal

Case and back tamper

Smart baiting feature provides LED confirmation when a bill has been inserted into the billtrap

Product Specifications

Weight:	3.9 oz
Dimensions:	9.556" x 6.65" x 1.208"
Typical battery life:	3-4 years
Internal battery type:	Two Duracell DL123A
Operating environment:	
Temperature:	32°F to 140°F (0°C to 60°C)
Humidity:	Up to 90% (non-condensing)
Market:	North America
EchoStream® frequency:	902-928 MHz, frequency hopping spread spectrum
Check-in time frequency:	3 minutes
Regulatory compliance:	FCC, RoHS, UL
