

Watch enough online training videos to get a bingo and you'll **be entered to win a \$50 GrubHub gift card**. A bingo requires 5 trainings in a row: horizontally, vertically or diagonally. For each bingo your name will be entered into the raffle. The more your watch, the more likely you are to win. For example, if you watch all the videos (5 bingos) your name will be entered into the raffle 5 times.

Click on the boxes below to access the training videos. Complete your bingo card by providing your information below, and adding the dates watched under the video titles below. When you're finished, **submit your completed bingo cards to [nwilliams@inovonics.com](mailto:nwilliams@inovonics.com)**.  
Winners will be announced at the end of the month via email.
